

Home Learning Grid: Reception Class Summer 1 2017

Here is an outline of the home learning activities for Reception class this half term. You may choose to complete one of these activities each week. Please sign the grid when an activity has been completed and send your child's home learning book in each Thursday, with any form of recording your child has done (e.g. photo, picture, 'writing', children's quotes or creations). Please ensure that you read regularly with your child and help them with their tricky word recognition. Thank you for your continued support.

Halving

Can you explore halving sets of objects (sharing between 2 people)? For example, can you find half of 4 buns, 10 grapes, 16 bricks? Are there any other sets of objects that cannot be halved (not making 2 equal sets)? Record in your home learning book.

Parent comment:

Time

Take photographs of some of the things that you do at different times of the day. Perhaps you could make your own clock or use a clock that you have at home. Can you practise telling the (O'Clock/half past) time?

Parent comment:

Write

Where do you live? Find out your address and write it down. Can you say your address out aloud?

Parent comment:

ICT

Can you find some different technology that is used at home? Do you know what the different technology is used for? Record in your home learning book.

Parent Comment:

Paint

Can you draw or paint a picture of a bird or animal that lives in the Rainforest? What colours will you use?

Parent comment:

Research and Create

Can you find out where in the world the Rainforests are? Create a fact file about the weather, animals or plants. You may want to create a model to demonstrate your new learning.
