

Home Learning Grid : Reception Class Spring 2b 2017

Here is an outline of the home learning activities for the Reception class this half term. You may choose to complete one of these activities each week. Please sign the grid to show you have done an activity and send in the Learning Grid every Thursday with any form of recording your child has done (e.g. photo, picture, writing, children's quotes, or creations). Please ensure that you read regularly with your child in addition to the activities below.

People Who help us

This half term we will be learning about people who help to keep us safe. Pick an emergency service such as the Police, Fire Service or Hospital/Paramedics. What can you find out about the jobs in that service? Can you create a fact file about the job you have focused on?

Parent comment:

Capacity

Fill different sized containers with water and discuss which container holds more or less. Predict which container holds more and discuss your findings. How could you check? Can you order the containers by their capacity?

Parent comment:

Nature

Plant a bean and watch it grow. Keep a diary to track the changes that you can see.

Parent comment:

ICT

Use the computer, I pad or a tablet to design your own character for a traditional tale.

Parent Comment

Traditional tales

Look around your house or go to the library. Which traditional tales can you find? Can you read them with a grown up? What is the same about all of the traditional tales? How are they different?

Which is your favourite tale and why? Can you draw a picture and write about your favourite part?

Parent comment

Write

Write a letter or note to someone at school. You could bring it into school or you could even post it into the post box and see how long it takes to get to school?
