Home Learning Grid : Reception Class Autumn 1A

Here is an outline of the home learning activities for Reception class this half term. You may choose to complete one of these activities each week. Please sign the grid to show you have done an activity and bring it back to school with the home learning book, every Thursday. Please send any form of recording that your child has done (e.g. photos, pictures, writing, children's recorded speech or creations).

My Family

Take / find photographs of your family. This could include cousins and grandparents as well as your immediate family. Be prepared to talk about your family; What are their names? Where do they live? Do they speak any other languages?

Parent comment:

Number Hunt

Go on a number hunt. Which numbers can you find? Have a go at writing some of the numerals. Can you match the correct number of objects to each numeral?

Parent comment:

Exploration

Go for a walk with your family. Can you find an Oak or Ash tree? Collect leaves, acorns, conkers or fir cones. Bring them to school for us to investigate the different textures and smells.

Parent comment:

Investigate

Find out who has the biggest feet in your family. You could draw around the feet and put them in order! Or you could do some shoe rubbings to help you find out.

Parent Comment:

Create

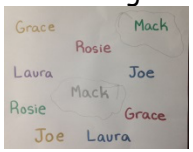

Use junk to create a model of a house. You can think about the different parts of the house and who might live in the house.

Parent comment:

Write

Practise writing your name in different ways. You could use different colours or different types of pens/chalks. You could even try invisible writing!
