

Thrive activities useful for parents of children up to 7 years old – week four

The role of the parent and carer is to support children to find out who they are and what they like to do. With this comes greater independence and responsibility, with children learning that they can still ask for help. We have put together some activities to support healthy social and emotional development through creativity, art and play. Here are some creative activities that you can use with your child age 3 to 7.

Monday	Create a magic potion from what you can find around the house or garden.
Tuesday	Do the 5-star breathing exercise .
Wednesday	Make a collage of you! What can you find in the house or garden to make it? Upload your picture to our Facebook page.
Thursday	Play the “who am I game”. Stick the name of who you are on your head and let others try and guess!
Friday	Make a hideout – is it a castle or a lair? Send us a photo!
Saturday	Pick 5 kind things you can do today and carry them out.
Sunday	Write a story all together by adding a line each – send us your funny stories.

Top Tips:

- ✓ Imagination can help manage big feelings for both children and adults
- ✓ It's ok to feel frustrated as the adult when times get hard – take a deep breath and have a cuppa.
- ✓ Remember – it's ok to say no. Learning about boundaries is an important life skill
