

THE WEEKLY MEOW with BANJO ★ ROBINSON

HELLO FRIEND!

It's autumn! And for me, that means three things:

1. Jumping into piles of leaves
2. Rolling about in piles of leaves
3. Napping in piles of leaves (because 1 & 2 can be quite exhausting)

What do you like best about this season? Is it conkers? Pumpkins? Fireworks?

Next time you go out, see if you can spot the ways in which your neighbourhood is changing now that it's the autumn.

I'm going to do the same (just as soon as I can find my way out of these leaves).

Stay fantastic!

A-MAZING
Autumn

Oh no! I dropped
my conkers in the
woods! Please
can you help
me find my way
back to them?
Which path should
I take?

Answers: maple; winter; pine cone; fall; pumpkin; leaves; bear

1. stick this piece of paper onto some thick paper or thin card.

Decorate each tree using colours. Start with a summery tree covered in green leaves and in each picture, show the leaves changing to orange and then beginning to fall.

3. cut out your pictures.

Put them in a pile with your first tree at the top!

clip them together and FLIP!

Autumn leaves!

Need something cosy and delicious to drink after a busy autumn day out? Look no further than my special recipe for an APPLE HUG. This was taught to me by my friend Claude who is a great chef (and hugger).

- ① Warm up 2 cups of apple juice in a pan. Ask your grown-up for help with the stove!

- ② Add a cinnamon stick, and 2 cloves.

- ③ Wash an orange and a lemon. Cut a few strips of their peels using a veg peeler. Add these in!

- ④ Simmer for ten minutes then add a dash of maple syrup to sweeten.

- ⑤ Snuggle up and enjoy with someone you think is GREAT.

GET CREATIVE!

Imagine you had a friend from a place where it was summer all year round. How would you describe autumn to them?
