

SEND Mission Statement/Intent

To support children with Special Educational Needs or Disabilities at Tankersley St Peter's CE Primary School we will:

- ❖ Offer an equitable education so that children are given the support they need to experience the wide-ranging curriculum alongside peers and are included fully in all activities during the school day and beyond.
- ❖ Provide children with experiences to enable high aspirations, social assets, cultural capital and social mobility so they are successful in their next stage of education and beyond.
- ❖ Design support for individuals with family and children's long-term goals and aspirations at the centre.
- ❖ Ensure children have the necessary life skills to be as independent as possible and to keep themselves safe in and out of the home and in relationships with others.
