T2b- What do living things need to grow?

'Progress means knowing more and remembering more.'

1. What do plants need to grow? What would happen if cress had water and light?
What would happen if cress had water but no light?
2. Describe the lifecycle of a butterfly. Tell me about 2 different minibeasts. What do you know about them? What do they need to live and grow?
3. Tell me about the life of a human being. What do humans need to grow and develop?
Describe a healthy lifestyle for humans.
