

T3a- How are places different?

Vocabulary	How will I remember it?	What is it?
Locality	 The logo for 'locality' features the word in a grey, lowercase, sans-serif font. Above the letters 'o' and 'c' are stylized icons: a red house, a blue zigzag line representing a mountain or roof, and a green plant with a yellow sun-like shape above it.	A particular area or neighbourhood.
Rainforest	 A photograph of a dense rainforest. A person is visible sitting on a thick, horizontal tree branch in the center of the frame, surrounded by lush green foliage and tall trees.	Earth's oldest living eco-system-an area of tall, mainly evergreen trees with a high amount of rainfall.
Habitat	 A colorful illustration of a forest habitat. It shows a white monkey on the left, a yellow monkey on a branch in the center, and a small brown monkey on the right, all surrounded by green trees and foliage.	The natural home or environment of an animal or plant.
World	 A photograph of the Earth from space, showing the Western Hemisphere. The blue oceans and green landmasses of North and South America are clearly visible against the black background of space.	The Earth and all life on it, including human beings.
Compare	 An illustration of a man with brown hair, a beard, and glasses, wearing a red t-shirt. He is standing with his arms outstretched, holding two large purple letters, 'A' in his right hand and 'B' in his left hand. The background is a light blue cloud-like shape.	To view something in relation to something else- to see how they are similar, different or the same.
