

## Home Learning Grid : Reception Class Spring 2B

Here is an outline of the home learning activities for the Reception class this half term. You may choose to complete one of these activities each week. Please sign the grid to show you have done an activity and hand in the Learning Grid to school every Thursday with any form of recording your child has done (e.g. photo, picture, 'writing', children's quotes or creations). Please ensure that you read at least 3 times a week with your child in addition to the activities below.

### Investigate

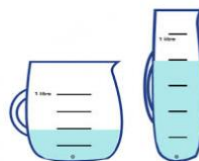

Take a walk around a garden, park or outside area. What mini-beasts can you find? Try looking under plant pots or stones, on leaves or bushes or around some plants or flowers. You could take a photograph or draw a picture of any mini-beasts you find.

Parent comment:

### Capacity

Predict which container holds the most water.  
Fill different sized containers with water and discuss which ones hold more or less.  
How can you check? Can you order the containers according to their capacity?

Parent comment:

### Nature

Plant a bean and watch it grow. Keep a diary to track the changes that you can see.

Parent comment:

### Computing

Explore some maths games on the computer. For example you could play....

Parent Comment:

### Bake

Decorate some cakes or biscuits to look like mini-beasts. You can be as creative as you like!

Parent comment:

### Write

Write a letter or note to someone at school. You could bring it into school or you could even post it and see how long it takes to get to school?
