

Nursery Newsletter 18th September 2023

This week we are exploring our sense of touch. If you have any 'touch and feel' books at home please bring them into nursery so that we can all share the experience together. We will use words such as rough, bumpy, smooth, hard, soft, etc.

Perhaps you could go for a walk outside and use fingers to feel different textures such as grass, bricks, floors, walls, tree trunks etc.

Our literacy and R.E. focus this week is on the Bible story of God's creation of our world.

The children will also be creating a design for a Christmas card. They will be bringing an order form home soon for you to order packs of their Christmas card design and other Christmas items. This is a fundraising project to raise money to upgrade our Nursery Home corner furniture. Your support would be appreciated so much.

Thank you for your weekly 50p donations to our nursery piggy bank. Your kind donations help to buy playdough ingredients, resources for funky fingers activities, new topic books, dressing up costumes etc.

Many thanks,

Mrs. Terrell
