

Great Gorillas Newsletter

W/c 2nd October 2023

In **English** our focus will continue to be based on the story book 'The Journey Home'. We will carry out various activities including identifying missing full stops and writing noun phrases.

In **Maths** we will be comparing objects and numbers.

In **P.E.** continuing with our throwing and catching skills.

In **Science** we will set up an investigation into which microhabitats woodlice like the most. We will be discussing the idea of fair testing.

In **Art** the children will use their drawings/paintings of leaves to create templates to draw around. They will draw around the template and cut the material into leaf shapes. They will then use a felt -tip pen to mark on lines and detail. These shapes will then be stuck onto the background of the whole class collage.

In **Computing** we will be continuing with our coding work.

In **Geography** we will be learning about the traditional Mexican job of mask making. We will also be designing and making our own masks.

Notices

The times table test will be based on the 10 x table
We will be walking to church on Thursday for our Harvest Festival.

Homework folders are sent home every Thursday. The comprehension homework needs to be completed and sent back to school on Monday.

My Maths homework is set from 06.10.23 - 20.10.23. The homework is based on adding together.

Can we please remind those parents who have not yet paid for the visit to Yorkshire Wildlife Park to pay online?

Please return any Christmas Card design orders by Monday.

If you have any queries, please don't hesitate to contact either of us.

Many thanks.
