

# Great Gorillas Newsletter

W/c 16<sup>th</sup> October 2023

In **English**, our focus will be based on the picture book Zoo written by Anthony Browne. We will carry out various activities based on this book, using the pictures as stimulus for our work. We will be describing the character of 'Dad' as the author compares his behaviour and appearance to a bull. Thus, we will be comparing our Dads to an animal because of its characteristics. Could you please send in a head/shoulder photo of your Dad and write a description of the animal characteristics he is most like? E.g., My Dad is like a bull because he is big and strong and likes to charge around.

In **Maths** we will be learning about related addition and subtraction facts. We will also learn about our number bonds to 100.

In **P.E.** we will be continuing with our gymnastics work.

In **Music** we will be continuing to work on our nativity songs.

In **Computing** we will be using an APP to morph our faces with an animal's face to create our own Class 2 Zoo.

In **RE** we will be discussing which are the most important attributes of God and why.

In **Art** we will be finishing our Tiger in a storm work.

In **Computing** we will be completing our coding topic.

In **Science** we will be learning about world habitats and why animals live in a specific habitat.

## Notices

The times table test will be based on the 10 times table and the related division facts.

We will be visiting Yorkshire Wildlife Park on Wednesday 18<sup>th</sup> October. We will leave just after 9am and return hopefully at the normal end of school time.

My Maths homework is set from 20.10.23 - 03.11.23. The homework is based on subtraction lines.

If you have any queries, please don't hesitate to contact us.
