

# The Smartest Giants in Tankersley

29<sup>h</sup> January 2024

Dear Parents/Carers,

We have had a lovely three weeks back at school and the children have been extremely busy with their learning!

This week in English the children will be changing the story of Pirate Tom and creating their own pirate story. The children will include different sentence openers to their stories and use conjunctions such as and, but and because to extend their sentences. We can't wait to read them!

In Maths, we will be continuing our learning of place value. We will be ordering and estimating numbers on a number line and comparing numbers using greater than, less than and equal to.

In ICT, we will be continuing our learning of algorithms and programming the Bee-Bots. In art, the children will be using their observational skills to create pictures of shells using their knowledge of spirals. In science, the children will be investigating which material is the best for making a mop. They will learn how different materials are absorbent. In RE, the children will be thinking about what Muslims believe.

If you have any concerns please come and see us and we will be happy to help.

Mrs Beevor and Miss Bennison
