

Nursery Newsletter

4th March 2024

Our enquiry question for this half term is 'What happens in spring?' We will be learning about the signs of spring in the world around us, new life and celebrations, such as Mother's Day and Easter.

It is Mother's Day on Sunday 10th March, a special day for mothers, so we are going to be thinking about our mummies. We will be making something special for our mummy (but as it supposed to be a surprise we won't be telling you anymore!)

It is 'World Book Day' on Thursday. Please see the separate letter to find out more details. The whole school will be focusing on 'In Our Hands' by Lucy Farfort and taking part in different activities.

Many thanks,
Mrs Terrell
