

# Nursery Newsletter 29<sup>th</sup> April 2024

This week we will continue to learn about farm animals by looking at fiction and non-fiction books about farms. One of these books will be the traditional story, 'The Little Red Hen'.

On Thursday afternoon the children will start learning about animals which live in the tropical rainforests by taking part in a ZOOLAB Rainforest workshop. They will meet various animals, such as snakes, tarantulas and giant snails.

Many thanks,

Mrs Terrell
