

Nursery Newsletter

22nd July 2024

This week is our final week before we enjoy our summer holiday.

On Thursday afternoon the Reception and Nursery classes will be having a 'seaside afternoon.' We will enjoy doing seaside themed activities outdoors, such as playing in our new sand pit, paddling in water, playing beach games and eating icecreams! Please could the children who attend Nursery on Thursday afternoon bring a towel and a change of clothes (just in case they get wet!) in a plastic bag.

On the last day of term children can bring a toy from home (with a name label) to play with and share with others. Please do not bring anything too valuable or precious!

We have been asked to remind you to settle any invoices you have received for payment for additional sessions and lunch time cover.

I would like to thank Cheryl Booth-Dobson for creating lovely 'word art' in the shape of a rocket for the Hungry Caterpillars. It was inspired by the children's love of learning about space and I am very grateful to her. Your child will be bringing it home with them this week.

The Nursery staff would like to thank our Hungry Caterpillar's families for all your kind words and generous gifts/cards. It is so thoughtful of you and we are all extremely grateful.

Nursery will re-open on Tuesday 3rd September 2024. Monday 2nd September is an INSET day.

Many thanks,
Mrs Terrell
