

Famous Five Newsletter

W/c 20th October 2025

This week in English, we have written a diary entry based on our class text 'The Wolves in the Walls' by Neil Gaiman. We focused on using descriptive language and writing in the first person to show the character's thoughts and feelings.

In Maths, we have been learning about square numbers, cube numbers, and how to multiply and divide by 10, 100, and 1,000. We've been practising using place value to help us understand how the digits move when we multiply or divide.

In PE, we have started a new topic on circuit training and will be continuing this after half term.

In Science, we carried out an ice cream experiment to test different thermal insulators and find out which materials kept the ice cream cold for the longest. We have also been learning about electrical conductors and will be testing these after half term.

It's been a busy and exciting week of learning!

Things to note

Our spelling test takes place on a Thursday and the week's spellings can also be found on the homework folder.

"Guide me in your truth and
teach me, for you are God my
Saviour and my hope is in you
all day long." Psalm 25 v5

Our vision is to:

- Love our learning.
- Know that God is with us, loves us and has a plan for us.
- Make the world a better place.
