

Nursery Newsletter 26th January 2026

This week we are learning about the season of winter. We will be discussing the special things we do with our family in winter when it snows, such as going for a winter walk, making a snowman, going sledging, making footprints in new snow, throwing snowballs, making a snow angel etc. Please talk to your Hungry Caterpillar about their favourite things to do in snowy weather!

We will be singing and chanting lots of counting rhymes, such as '5 little snowmen,' '5 Little speckled frogs', '10 fingers on my hands', '1 elephant went out to play', '5 currant buns', '5 little ducks' and '1,2 buckle my shoe.'

I would like to gently remind everyone that Nursery starts at 8.40 am. Please drop your Nursery child off first and then walk around school to drop off older siblings on time.

Many thanks,

Mrs Terrell
