

# Great Gorillas Newsletter

W/c 9th February 2026

Ben has this money.

He spends 41p.

How much change does Ben get?

In English this week we will be continuing to look at sources of evidence in order to learn about the work of Florence Nightingale. We will also be writing a diary, pretending to be Florence Nightingale, describing the conditions of the Scutari hospital after she had made improvements.

In Maths we will be completing our work on money. We will be finding change.

In P.E, we will be learning about attacking and defending strategies and games. We will also carry out work on circuits in the hall.

In History we will be evaluating the life of Florence Nightingale and why she was such a significant person.

In PSHE we will be thinking about what we have learnt over this half term. We will be discussing healthy eating and trying to remember what foods are good to eat.

In Science we will be exploring the body part associated with the sense of taste.

In Computing we will be learning the importance of testing and debugging.

## Note

The multiplication table for next week's test is based on the 10 x and 2x table and related division facts. Please use TTRockstars to support your child to learn these tables at home.

If you have any queries please don't hesitate to ask.

Many thanks

Mrs S Chadburn, Mrs Pitwell & Miss C.Bennison

"Guide me in your truth and teach me, for you are God my Saviour and my hope is in you all day long." Psalm 25 v5

Our vision is to:

- Love our learning.
- Know that God is with us, loves us and has a plan for us.
- Make the world a better place.
