

*'Guide me in your truth and teach me,  
for you are God my Saviour and my hope is in you all day long.'*

Hello,  
We are having a fabulous time in the Famous Fives and enjoying our learning very much. Here we are in Science investigating air resistance, forces and gravity.

This half term we are using A Midsummer Night's Dream as a stimulus for our learning. We will be learning how to apply our writing skills to a diary entry from one of the characters in our story. We will be drafting, editing and showing off our handwriting.

In Maths, we will be learning how to find a fraction of an amount and thinking about decimal numbers.

Coal Mining is our History topic and in RE will we are thinking about Creation and Fall. This week, we will be thinking about how some Christians find that faith and science can go together. In PE, we have a Basketball and Circuits focus, Science is Forces and in PSHE, we are learning how to manage anger.

Reminders for the Spring term-

**PE will be Monday and Friday.**

**Home learning will be set on a Thursday and handed in on the following Monday please.**

This week is Reading.
