

Nursery Newsletter

9th February 2026

This week we will continue to learn about 'construction.'

On Wednesday it is 'Show and Tell' day. We would like the children to bring something into Nursery that they have made themselves to show and talk about. It could be something they have made at nursery, at home or somewhere else such as; a craft, a picture, a lego model, a collage, a bun, a greetings card etc. We will be finding out about making bread by watching Aunty Mabel and Pippin in 'Come Outside' and listening to 'The Little Red Hen' story.

On Saturday 14th February it is St. Valentine's Day. We will be making something special for someone special this week!
