

The Smartest Giants in Tankersley

2nd February 2026

Dear Parents/Carers,

This week in English the children will be completing their own pirate stories. They will also be exploring nouns, verbs and plurals.

In Maths, we will be continuing our learning of place value, recognising tens and ones in a number. We then move onto ordering and estimating numbers on a number line and comparing numbers using greater than, less than and equal to.

In geography, we will be exploring the school grounds and creating our own maps. In computing some children will be creating their own data to make a pictogram. In PSHE the children will be continuing their work on road safety.

On Friday we are having a Green Day. Children will swap classes throughout the day, going to different teachers and learning about global issues. This will be a full uniform day.

If you have any concerns please come and see us and we will be happy to help.

Mrs Beevor and Miss Bennison
